

A few quick tips:

Review the places that accept your Gift Card. An updated list of retailers can always be found at MyPassInfo.com

Keep track of your balance.

Call 888 453 8820 to check your balance or to contact customer service.

Visit MyPassInfo.com to register your card, check your balance and view your transactions.

Know Your Gift Card Balance

Since Merchants cannot tell the value on your Gift Card, it is very important to know your balance on your Gift Card. Tell the cashier the balance on your Gift Card at time of purchase. Check your Gift Card balance by logging on to MyPassInfo.com or call **888 453 8820**.

! If your purchase is declined, check to see if the purchase total is more than the balance available on your Gift Card.

You can request the cashier to process two forms of payment to complete your purchase.

Two Forms of Payment

If your transaction is greater than the amount on your Gift Card, ask the cashier to swipe for the exact value on your Gift Card and pay the difference with a second form of payment.
