

A few quick tips:

 Review the places that accept your Award Card. An updated list of retailers can always be found at MyPassInfo.com

 Keep track of your balance.

 Call 888 453 8820 to check your balance or to contact customer service.

 Visit MyPassInfo.com to register your Card, check your balance and view your transactions.

 **Know Your Card Balance**

Since Merchants cannot tell the value on your Card, it is very important to know your balance on your Card. Tell the cashier the balance on your Card at time of purchase. Check your Card balance by logging on to MyPassInfo.com or call **888 453 8820**.

! If your purchase is declined, check to see if the purchase total is more than the balance available on your Card.

You can request the cashier to process two forms of payment to complete your purchase.

 **Two Forms of Payment**

If your transaction is greater than the amount on your Card, ask the cashier to swipe for the exact value on your Card and pay the difference with a second form of payment.
